Forecast For Northwest England
Issued by Met Office Exeter
at 0400 on Monday 10 May 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Sunny spells and scattered showers, heavy at times.

Today:
A rather windy day with frequent showers in between any sunny intervals. These showers will turn heavy and thundery in places, with the risk of hail. Feeling pleasant in the sunshine and out of the wind. Maximum temperature 16 deg C (61 deg F).

Tonight:
Any showers will gradually ease during the evening to leave a dry night with plenty of clear spells. Mild but remaining breezy. Minimum temperature 5 deg C (41 deg F).

Tuesday:
After a fine and dry start, showers will soon develop during the day, becoming more frequent in the afternoon. These will turn heavy at times with the risk of thunder. Maximum temperature 15 deg C (59 deg F).

Outlook for Wednesday to Friday:
Sunny spells and scattered showers on Wednesday. Early outbreaks of rain on Thursday followed by scattered showers, heavy at times. Sunnier spells on Friday with a few showers. Wind easing.
